Huts at New Bolton June 17. 82

Dear Sir

Col. Gouston the commanding Officer of the 3 Mass. Brigade has marched with his Regiment to relieve the Posts at Dobbs Ferry, Storey, & Fort Lee this Evening, which I have rec'd Information that the Brigade is without a Conductor, or any person to receive & deliver Arms, Ammunition &c.

W. Austin the late Conductor ordered not to have left the Brigade, until he was regularly relieved by another, as there are many articles to receive & deliver & no person so proper to transact the business as himself, as he must be accountable, for any thing on hand ——

I therefore request you to appoint a Brigade Conductor to the Brigade, as that department in the Brigade is in a very confused State — Arms ammunition wanting repair & new Arms &c. called for, for the Recruits that are daily Joining — if ever a Conductor is necessary, it is at this particular time ——

Yours &c.

W D

Cond. 3d Brigade
